

PRESS RELEASE

TOWN OF NORTH BRANFORD OFFICE OF SOCIAL SERVICE

OPEN LETTER OF THANKS

This year, as everyone knows, has been an economically challenging year. During a time such as this, it is not unusual to see the number of donors to programs decrease and the number of recipients increase. This presents a challenge to plan for each person in need to be served.

However, this year the response by donors has been overwhelming. In addition, not one person, organization, company or group has been asked to be a donor. Each named sponsor chose to initiate a call with a sincere desire to help, and the help was generous.

Thank you for your kindness, generosity and thoughtfulness. Most thanks for choosing to extend your hearts to another family in the community. There is great value and honor in making a choice to participate in your community. This program would not have occurred without each and every one of you.
