

## North Branford Residential Electronics Collection Spring 2009

North Branford Residents have been invited to participate in a multi town electronics collection at the North Haven Middle School at 55 Bailey Road on Saturday, May 16, from 9 am until 1 pm. This event offers an opportunity for residents to dispose of unwanted computers, monitors, fax machines, camcorders, phones, printers, TV's, stereos, microwaves, and radios free of charge. These items cannot be collected during weekly trash pickups due to the hazardous content of materials that they contain. The HazWaste and Recycling Committee urges residents to take full advantage of this opportunity for free and proper disposal of unwanted electronics. Note: **Items not accepted at this collection are electronics containing mercury, refrigerants, or radioactive substances.**
