

## **Composter Discount for North Branford Residents**

The North Branford Hazardous Waste & Recycling Committee announces that during the months of April, May, June and July, Agway of North Branford is offering a 10% discount on composters and a 10lb bag of composting aid. Residents must pick up their discount coupon at the paper recycling center at the Town Garage on Route 22 adjacent to the police station on the first Saturday of the month from 9:00 am until noon. Remember, composting not only saves taxpayer dollars by taking items out of the waste stream, but is also a valuable component to a healthy garden and environment. Please visit Agway for more information on how to turn your spoils to soils and your trash into grass for a healthy environment.
