MEMO REGARDING DRIVE THROUGH COVID-19 TESTING IN EAST HAVEN

This coming Wednesday, March 25th, the Town of East Haven and the East Shore District Health Department are partnering with DOCS Medical in order to provide drive through COVID19 Testing.

Where: 317 Foxon Road, East Haven at Docs Urgent Care (Previously 203 Urgent Care)

When: Wednesday March 25th, 11:00 AM-2:00 PM

How: Please visit <https://docsmedicalgroup.com/telemedicine/> and submit a chat with a team member letting them know you'd like to be scheduled for our Drive through COVID-19 test in East Haven. They will set you up with a tele visit to ensure you are prequalified to receive the test with us. A follow-up tele visit will also be set-up to discuss results 4 days post-test.

The day of the test, anyone who prequalified will be able to drive-up to the center where staff will be directing them. Staff will ask for identification and then test.

Please Note: Additional testing dates will be scheduled as needed. We are asking everyone to PLEASE schedule an appointment as no testing will be allowed in the COVID-19 Drive Through without a pre-approved appointment.
